DIARY NOTES

16 December 1958

DD/S

1. Due to the Supergrade Board Meeting I was unable to meet with Bob Macy, Bureau of the Budget, and [REDACTED] to discuss Dick's "follow-on" program. However, Bob advised me that the paper which Dick had drafted was, with very minor changes, entirely acceptable to the Bureau. We are going to make these changes and get it signed by the Bureau.

\*\*\*\*\*

2. Dr. Tietjen briefed me on the case of [REDACTED] and I doubt seriously if Chick will ever return to duty.

3. I attended the Supergrade Board Meeting at which time [REDACTED] promotion to grade GS-16 was approved. This was a rather controversial Meeting and I was not satisfied with Gordon Stewart's memorandum regarding that aspect of it concerning ceilings, etc. After the Meeting I talked to him and told him that I wanted to get together with him before too long to firm up the ground rules. This is highly essential at this time since almost every component is up against ceiling and there is all sorts of maneuvering to try to gain an extra position or two at the expense of someone else.
